Research Project Topics

FOR ANY SOFTWARE DESIGN CONTACT US ON WHATSAPP (08130435632) AT PRICE YOU CAN ALWAYS AFFORD

Kindly Note: Anyone that has Design and Implementation is a project topic, every other ones are seminar topics

- Generation of Mobile Network and Challenges of Adoption in Nigeria

- Internet of Things and Its Challenges for Usability in Nigeria

- Design and Implementation of Operating System Teaching Website

- Design and Implementation of a Product Expiry Alert Management System

- Impact Of Database On Organizational Performance In An Industry

- Developing a Church Management System for God's Fire Ministry International

- Design and Implementation of Biometric-Based Attendance Management System

- Design and Implementation of an Online Shopping System (A Case Study of Mahadi Mega Shops, Kaduna)

- An Ubiquitous Online System To Evaluate User Self-Efficacy And Anxiety On Distance Learning

- An Intelligent System For Combatting Crime/Terrorism

- Design And Implementation Of Computerized Staff Payroll Information System

- Design And Implementation Of Computerized Restaurant Menu System

- Design And Implementation Of Computerized Registration Application For School Enrollment

- Design And Implementation Of Computerized Price Checking System

- Design And Implementation Of Coronavirus Tracking System For Infected Patience

- The Effect Of Network Java On Communication System In Nigeria

- Design And Implementation Of An Automatic Street Lighting System Using IOT

- Detecting Phishing Websites Using Machine Learning

- The Impact Of Mobile Phone Self-Efficacy And Computer Anxiety On Distance Learners' Attitude To Online Courses

- Digital Marketing as an effective tool in achieving Business Expansion in Covid-19 era

- Design And Implementation Of Computer-Based Population Census Information System For National Population Commission

- Design And Implementation Of Computer-Aided Hardware Instructor.

- Design And Implementation Of Commercial Vehicle Registration And Task Management System In A Campus

- Design And Implementation Of Campus Wide Wireless Network

- Design Of An IOT Based Smart Home Using Amazon Alexa

- Design And Implementation Of Campus Online Help Desk Information System

- Design And Implementation Of Automatic Payment Portal System (A Case Study Of Ahmadu Bello University, Zaria, Kongo Campus)

- Design And Implementation Of Automated Patient Medical Record System (A Case Study Of Delhatu Specialist Hospital, Lafia)

- Design And Implementation Of Automated Nysc Posting System

- Design And Implementation Of Automated Motor Vehicle Driving System

- Design And Implementation Of Automated Estate Agent And Property Management System (E-Property)

- Design And Implementation Of An Online Vehicle And Plate Number Registration And Identification System In Nigeria

- Design And Implementation Of An Online System For Domestic Flight Customer Information Management System

- Design And Implementation Of An Online Real-Time Parcel Tracking And Monitoring System (A Case Study Of Nigerian Postal Service (Nipost)

- Design And Implementation Of An Online Legal Practitioners Representation System (A Case Study Of Afikpo Customary Court Afikpo)

- Design And Implementation Of An Online Healthcare System (Case Study Of General Hospital, Minna)

- Design And Implementation Of An Online Crime Reporting System

- Design And Implementation Of An Online Clearing System For Graduating Students

- Design And Implementation Of An Online Bookstore With E-Payment Integration (A Case Study Of Madonna University Nigeria Bookstore)

- Design And Implementation Of An Online Bookstore Management System (A Case Study Of Kano Public Library In Nigeria (Kpl))

- Design And Implementation Of An Online Birth Registration And Birth Rate Monitoring Information Record System

- Design And Implementation Of An Online Auctioning And Bidding System

- Design And Implementation Of An Online Airline Reservation Information System

- Design And Implementation Of An Online Academic E-Learning And Workflow Management System

- Design And Implementation Of An Nysc Information System

- Design And Implementation Of An Internet Based Advertisement Desk For A Multi-Product Manufacturing Company (A Case Study Of Dangote Group Of Company, Ilorin)

- Design And Implementation Of An Expert System On Diagnosis Of Communicable Diseases

- Design And Implementation Of An Expert Management System For Automobile Fault Detection

- Design And Implementation Of An Electronic Patient Management System . (A Case Study Of Shonahan Hospital, Nsukka Enugu)

- Design And Implementation Of An E-Registration System In Tertiary Institutions

- Design And Implementation Of An Automated Student Result Processing System (A Case Study Of Department Of Computer Science, Kogi State Polytechnic, Lokoja)

- Design And Implementation Of An Automated Payroll System A Case Study Of The Nigerian Communications Commission- (Ncc) Corporate Headquarters Maitama, Abuja

- Design And Implementation Of An Automated Inventory Control System For Nigerian Breweries Plc, Enugu

- Design And Implementation Of An Academic Information System Using Relational Database And Http Sever (A Case Study Of Federal Polytechnic Nekede, Owerri)

- Design And Implementation Of Alarm Based Pharmacy Inventory Application

- Design And Implementation Of Airline Flight Information System (A Case Study Of Air Nigeria, Lagos State.)

- Design And Implementation Of A Web-Based Students Automated Grade Point Average (Gpa) Calculator

- Design And Implementation Of A Web-Based Healthcare Information System For Malaria Diagnosis

- Design And Implementation Of A Web-Based E-Post Management System

- Design And Implementation Of A Web-Based Alumni Database Management System (A Case Study Of Nnamdi Azikiwe University Alumni Association)

- Design And Implementation Of A Web Based Voting Registration System (A Case Study Of Inec Lagos)

- Design And Implementation Of A Virtual E-Learning System (A Case Study Of Lagos State University)

- Design And Implementation Of A Social Media Based Web Application For Prospective University Students (A Case Study Of Covenant University)

- Design And Implementation Of A Security Information System (A Case Study Of The Nigerian Police

- Design And Implementation Of A Recruitment Management System

- Design And Implementation Of A Police Crime Diary

- Design And Implementation Of A Management Information System For Political Parties

- Design And Implementation Of A Digital Museum

- Design And Implementation Of A Digital Diary

- Design And Implementation Of A Departmental Portal (Case Study Of Computer Science Department)

- Design And Implementation Of A Computerized Population Calculator

- Guidance And Counselling Management System

- Design And Implementation Of A Computerized Personnel Auditing System Of A Local Government Administration (Case Study Abia State Board Of Internal Revenue)

- Design And Implementation Of A Computerized Library Offense Documentation System

- Design And Implementation Of A Computerized Land Information System

- Design And Implementation Of A Computerized Goods Transportation System

- Design And Implementation Of A Computerized Educational Administrative Information System (A Case Study Of Post-Primary School Management Board)

- Design And Implementation Of A Computerized Drug Information Management System, Drug Procurement And Distribution Tracking System

- Design And Implementation Of A Computerized Banking System (A Case Study Of United Bank For Africa)

- Design And Implementation Of A Computerised Traffic Offence Documentation System (Case Study Of Federal Road Safety Commissioner, Enugu)

- Design And Implementation Of A Computer Intelligent Pharmaceutical Center System (A Case Study Of Unth Enugu)

- Design And Implementation Of A Computer-Driven Stock Management System For Small Businesses Record Keeping And Tracking

- Design And Implementation Of A Computer Based Warehousing Information System (A Case Study Of Nigeria Ports Authority)

- Design And Implementation Of A Computer Based Stadium Information Management System

- Design And Implementation Of A Collaborative Software As A Service Based Office Management System

- Design And Implementation Of A Collaborative And File Management System For Mobile Applications

- Design And Implementation Of Online Registration Portal (A Case Study Of Hassan Usman Katsina Polytechnic)

- Design And Implementation An Automated Student Registration System (A Case Study Of The Polytechnic Ibadan)

- Design And Implement A Computerized System For File Sharing And Access Control

- Design And Implementation Of Medical Diagnostic Of Expert System

- Data Mining Application For Determining Students' Academic Performance (A Case Study Of Kwara State Polytechnic, Ilorin)

- Data Centralization Over Network Application For Insurance Services

- Computerizing Piggery Farm Management System

- Computerized Transcript Management System (A Case Study Of Caritas University)

- Computerized Crime Tracking Information System (Case Study Of Nigeria Police)

- Computerization Of Invigilator'S Timetable (A Case Study Of Computer Science Department Institute Of Basic And Applied Sciences, (Ibas) Kwara State Polytechnic, Ilorin)

- Computerization Of Communication Media Maintenance And Management (A Case Study Of Kwara State Television Authority, Ilorin)

- Computerization Of Chamber Record Keeping System

- Computerization Of Medical Diagnosis Information System (A Case Study Of University Of Ilorin Teaching Hospital – Uith)

- Computer Based Census Management System (A Case Study Of National Population Commission (Npc)

- Computer Animation For Nursery Pupils (A Case Study Of Lizbey Model School)

- Computer Aided Learning Of Basic Science Subjects. (A Case Study Of Ss1 Class)

- Cheque Clearing System In Nigeria Money Deposit Banks (A Case Study Of Access Bank Of Nigeria Plc)

- Automation Of Student Information Management System (A Case Study Of Tolyfun International Schools)

- Automation Of Binomial Expansion Using Pascal Triangle

- Application Of Virtual Private Network (Vpn) In Electricity Industry

- Application Of Queue Theory In Reduction Of Prison Congestion (A Case Study Of Nigeria Prison Service, Oke-Kura, Ilorin)

- An Online Tax Management System For Taxis In Kampala

- An Improved Image Steganography Based On Least Significant Bit Matching Revisited

(Lsbmr) Using Sobel Edge Detection

- An Enhanced Online Result Processing System For Information Management Technology Department

- Alternative To Existing Social Web Media

- A Web-Based Rental System (A Case-Study Of Uniben Transport Services)

- A Socio-Technological Analysis Of Cyber Crime And Cyber Security In Nigeria

- Stock Management System Complete Project

- Elearning System Project

- Stock Management System Project Report

- Effect Of Management Information System In The Service Delivery (A Case Study Of University Of Uyo)

- Development Of A Stock Management System (A Case Study Of Samsiz Supermarket, Agbara)

- Design And Implementation Of A Sales Management System (A Case Study Of Gbemade Mini Sawmill And Woodwork)

- Development Of Web Based Job Recruitment Portal (A Case Study Of Mubat Feed Mill, Ogun State)

- Design And Implementation Of Inventory Management System

- Design And Implementation Of Online Admission Screening System

- Design And Implementation Of An Online Chat System

- Design And Implementation Of An Online File-Sharing System

- Design And Implementation Of A Computerized Assignment Submission System (A Case Study Of Computer Science Department (Ogitech)

- Design And Implementation Of An Online Bookshop (A Case Study Of Federal Polytechnic Nekede Owerri Bookshop)

- Automated Questioning System (A Case Study Of Faculty Of Pure And Applied Science, Ogun State Institute Of Technology)

- Design And Implementation Of A Web-Based Recruitment System For The Nigeria Air-Force

- Development Of An Online Visitor Gate Pass Management System (A Case Study Of Ogitech Security Gate, Igbesa)

- Customer Registration And Stock System Department Of The Company

- Computerization Of Student Examination Result (A Case Study Of Kogi State Polytechnic, Lokoja)

- A Card Based Security System (A Case Study Of Eco Bank)

- Design And Development Of Personnel Information System

- Computerization Of Medical Records And Diagnosis

- Design And Implementation Of Voice Based Email System For Blinds

- Design And Implementation Of Road Traffic Management System

- Design And Simulation Of Authentication And Adaptive Security For Dns System

- Design And Implementation Of A Pharmacy Management System

- Design And Implementation Of Data Mining For Medical Record System

- Mobile Based Java Tutorial And Certification System

- Design And Implementation Of A Computer Based Treasury Management System (A Case Study Of Guarantee Trust Bank Plc)

- Design And Implementation Of A Computer Based Household Inventory System

- User Application Software For Estate Management Practice

- Design And Implementation Of Timetable Generating System

- Automation Of Student Information Management System

- Design And Implementation Of Student Information System

- Design And Implementation Of Search Engine System

- Design And Implementation Of Patient Diagnosis System

- Design And Implementation Of Mobile Application For Waste Management

- Design And Implementation Of Medical Expert System

- Design And Implementation Of Mathematics Tutoring Application For Secondary School Student

- Design And Implementation Of Laundry Management System

- Design And Implementation Of Information System For Hospital Management

- Design And Implementation Of Online Radio Streaming Application

- Design And Implementation Of A Computerized Game (A Case Study Ludo Game)

- Departmental Result Processing Application

- Computer-Based Examination For Staff Recruitment

- Computer Animation For Nursery Pupils (A Case Study Of Lizbey Model School)

- Adaptive Quiz System (A Case Study Of Greater Height Schools)

- Effects Of Computer Assisted Concept Mapping And Digital Video Instruction On Students Achievement In Chemistry

- Design And Implementation Of Student Verification System

- Design And Implementation Of Computerized Documentation System For Court Proceedings (A Case Study Of Federal High Court Of Calabar)

- Design And Implementation Of A Computerized Visa Processing Information System (A Case Study Of British Embassy)

- Design And Implementation Of A Computerized Case Scheduling System Of Court Of Law (A Case Study Of Imo State High Court)

- Design And Development Of A Diagnostic Expert System For Kidney Diseases

- Design And Implementation Of Project Defense Grading System

- Design And Implementation Of An Online Medical Billing System

- Design And Implementation Of Digital Image Cryptosystem With Adaptive Steganography

- Online Drivers License Registration And Renewal System

- Design And Implementation Of Online Examination System For Staff Recruitment

- Design And Implementation Of A Web-Based Timetable Scheduling System For A Tertiary Institution

- Design And Implementation Of A Simple Scientific Calculator

- Design And Implementation Of An Online School Fees Payment System

- Design And Implementation Of Web-Based Student Information System

- Design And Implementation Of A Computerized Cargo Transportation Management System

- Design And Implementation Of A Web-Based Recruitment Portal

- Design And Implementation Of An Online Student Registration Portal

- Design And Implementation Of A Computerized Restaurant Management Information System

- Design And Implementation Of An Interactive Online Platform For Students And School Supervisors

- Computerised Economic Growth Monitoring System

- Simulation Of A Queuing System

- Design And Implementation Of A Multimodal Biometric System For Online Voting

- Design And Implementation Of Healthcare Monitoring System

- Design And Implementation Of An Electronic Fund Transfer System

- Gymnasium Management System

- Design And Implementation Of An Online Campus Opinion Poll System

- Design And Implementation Of Student Evaluation Program

- Design And Implementation Of An Integrated Software Suit For Academic Planning Unit

- Design And Implementation Of A Supermarket Management System

- Design And Implementation Of Online Restaurant Food Ordering System

- Design And Implementation Of A Computerized National Identity Card Processing System

- Design And Implementation Of Schools Social Network

- Design And Implementation Of Unified Tertiary Matriculation Examination: Registration And Result Processing

- Design And Simulation Of A Personnel Computer Temperature Control System

- Design And Implementation Of Online Cash Receipt Generating System For A Supermarket

- Design And Implementation Of Database System For Patient Management System

- Design And Implementation Of Computerized Front Management Information System

- Design And Implementation Of Computerized Directory Of Business Premises

- Design And Implementation Of An Online Local Area Network (Lan) Knowledge-Based System

- Design And Implementation Of Online Automatic Receipt Generating System For A Supermarket

- Design And Implementation Of A Computerized News Editing System

- Empirical Study On The Impact Of Computer Science In Multimedia

- Design And Implementation Of A Computerized Documentation System Of Court Proceedings

- Design And Implementation Of Staff Record Keeping System

- Design And Implementation Of Expert System On Typhoid And Malaria Diagnosis

- Expert System For Computer Security: Data Encryption, Decryption And Key Hash Algorithms

- Design And Implementation Of Computerized Personnel Management

- Design And Implementation Of An Expert System On Troubleshooting And Maintenance Of Inkjetprinter

- Design And Implementation Of Online Electronic Database Driven Marketplace

- Design And Implementation Of Course Registration And Examination Processing System

- Design And Implementation Of Organizational Website

- Design And Implementation Of Network Connectivity And Traffic Control Of Mtn Network In Nigeria.

- Design And Implementation Of A Certificate Verification System

- An Appraisal System For Academic Staffs

- Design, Implementation And Simulation Of Prepaid Meter, Theft Monitoring System With Sms Alert

- Design And Implementation Of Fingerprint Based Attendance Management System For Tertiary Institutions

- Design And Implementation Of A Student Grade Point Average System

- Design And Implementation Of A Computerized Tourism Booking System

- Computer Science Thesis Topics PDF Examples for MSC and Masters Students in Nigeria

- Data Security Using Firewall

- Design And Implementation Of An On Line Multi Media Based Electronic Learning System For Post Primary Educational Institutes

- Design And Implementation Of A Collaborative Software As A Service Based Office Management

- An Assessment Of Information Resources And Service Provision Of Staff School Libraries In Niger State

- A Clustering Based Web Prefetching In High Traffic Environment

- A Mobile Social Networking Application For Academics And For Collaborative Learning

- Design And Implementation Of Cybercafe Security (A Case Study Of Access Point Communication Limited Umuahia)

- Design And Implementation Of A Web Based Hall Allocation System For Examination (A Case Study Of Nau, Faculty Of Physical Sciences)

- Design And Implementation Of A Web-Based Social Networking Site For Staff And Students

- The Extent Of Availability Of Computer System And Their Accessories For Effective Teaching And Learning Of Computer Science In Senior Secondary (Case Study Of Enugu North Lga)

- Design And Implementation Of Computerized Library Management System (A Case Study Of Anambra State College Of Agriculture Library)

- Design And Implementation Of A Digital Library System
